

A Note from Sally

On behalf of Walt's family, I would like to thank you for celebrating Walt with us. The service is a deep reflection of him and his love of God, family, and music.

Walt and I had a life together that was founded in faith and family with a deep abiding love - one where we provided a loving, caring home for our children, grandchildren, and others in need of a place where they were loved unconditionally and welcomed. We wanted to be an example of what a good marriage really was.

So let go of the small petty things in life and hug more and love deeply. Because at the end of the day, is it the words of anger that you want to have? Or one more hug, one more dance? If you choose the latter, then you have honored Walt's memory.
